

User's Guide

Welcome

About

The **Live Forms User's Guide** contains all the information you need to create your own forms and electronic workflows. This guide also contains the information you need to share your forms with your users and integrate them with your back end systems.

The screenshot displays the 'frevo' Expense Report form. At the top, there is a navigation bar with 'frevo' on the left and 'frevo SYSTEMS' on the right. Below this, the form title 'frevo' is on the left, and 'Expense Report' is on the right. The form includes several input fields: 'Expense Name' (with a dropdown arrow), 'Expense Category' (with a dropdown arrow), 'Expense Date' (with a calendar icon), and 'Amount' (with a dropdown arrow). Below these fields is a 'Submitter' field with a dropdown arrow. A 'Comments' section is visible, followed by a table with columns: 'Date', 'File', 'Type', 'Hash', 'File Transfer', 'Printer Expense', and 'Description'. The table contains three rows of data. At the bottom of the table, there is a 'Grand Total' field. Below the table, there is a 'Print' button and a 'Sign this report' button. At the very bottom, there is a 'Save' button and a 'Print' button.
